

23rd International Conference on Oral & Maxillofacial Surgery 2017

1 – New visa arrangement for Indian national to enter Hong Kong for up to 14 days, effective from 23 January 2017

Effective from 23 January 2017, Indian nationals must apply for and successfully complete online **PRE-ARRIVAL REGISTRATION** before they can continue to enjoy the current 14-day visa-free visit or enter Hong Kong during transit (except in direct transit by air and not leaving the airport transit area), unless they belong to one of the categories of persons who may continue to come to Hong Kong visa-free without pre-arrival registration. Persons exempted from the requirement of pre-arrival registration include, among others, holders of an Indian diplomatic or official passport or a Hong Kong Travel Pass and Indian nationals who have successfully enrolled for the e-Channel service for frequent visitors.

Each pre-arrival registration for an Indian national will be valid for six months or until the expiry date of the Indian passport linked to it, whichever is earlier. Provided that normal immigration requirements are met, a registrant may, during the validity of the pre-arrival registration, use a valid notification slip together with the specific and valid Indian passport linked to the successful pre-arrival registration to make multiple visits to Hong Kong visa-free. On each visit, a registrant may stay in Hong Kong for up to 14 days. **The registrant should visit the designated GovHK website for applying the pre-arrival registration:**
